

**Do you need to know which telephone company services and bills a telephone line?  
LECMatch provides the most accurate and up-to-date information available!**

## **LECMatch**

- ◆ Identifies the local telephone company (Local Exchange Company – LEC) providing direct services to any telephone line in the United States, Puerto Rico or Canada
- ◆ Appends the Operating Company Number (OCN) to any telephone number and matches the OCN to the corresponding LEC name
- ◆ Provides the most accurate True Account Owner OCN based on the full ten digits – not the six-digit Local Number Portability (LNP) OCN
- ◆ Searches Line Information Databases (LIDBs) controlled and updated real-time by all LECs as required by federal regulations
- ◆ Batch or Real-Time access is available to accommodate your needs
- ◆ Real-Time access is accomplished via a user-friendly utility which supports multiple interfaces and multiple uses over IP connectivity or dedicated access

### **PRICING**

**LECMatch Service**  
**Prices vary based on the LIDB database accessed**
